

Telluride School On Theoretical Chemistry July 10-15

Lecturers
Edwin Sibert (Wisconsin)
Phillip Geissler (Berkeley)
Troy Van Voorhis (MIT)

Participants will include: recent and soon-to-be Ph.D.'s who want to learn about topics outside their graduate experience;
faculty at primarily undergraduate institutions who want to incorporate theory in their research.
Participation limited to 25-40. Most accepted applicants are supported by the Telluride School on Theoretical Chemistry.
Applications accepted through Dec. 31, 2012
