

TELLURIDE SCHOOL ON THEORETICAL CHEMISTRY

JULY 23–29, 2017

The 2017 Telluride School on Theoretical Chemistry aims to provide current graduate students with training in the areas of electronic structure, chemical dynamics, statistical mechanics, and biomolecular modeling. The week-long workshop will involve lectures, problem-solving exercises and sessions, a research poster-session for participants, and outdoor recreation in Telluride.

ORGANIZED BY

Joan-Emma Shea, UCSB and **Thomas Miller**, Caltech

PARTICIPATING LECTURERS

Suri Vaikuntanathan, U. Chicago and
Toru Shiozaki, Northwestern

LOCATION

Telluride Science Research Center (TSRC)
at the Telluride Intermediate School

APPLICATION DEADLINE

WEDNESDAY, MARCH 1, 2017
APPLY AT TELLURIDESCENCE.ORG

Mark Kozak, TSRC Executive Director T: 970 708 4426
