

CAREERS IN HEALTH DATA SCIENCE

Are you a postdoctoral researcher or PhD candidate who is interested in transitioning into a career in industry? Do you want a career that leverages your quantitative experience in a fast-growing and in-demand field? Insight has helped over 600 Fellows transition to careers in data science.

Health Data Science Fellows come from PhDs in physics, engineering, life sciences, social sciences, math, and more!

All of them come to Insight to find positions with top companies.
