

**ASSISTANT PROFESSOR FACULTY POSITION IN CANCER SURVIVORSHIP
DEPARTMENT OF KINESIOLOGY AND COMMUNITY HEALTH
COLLEGE OF APPLIED HEALTH SCIENCES
UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN**

The internationally renowned Department of Kinesiology and Community Health (<http://kch.illinois.edu>) resides in the College of Applied Health Sciences (<http://ahs.illinois.edu>) at the University of Illinois at Urbana-Champaign (<http://illinois.edu>) is searching for an assistant professor in cancer survivorship. Our outstanding, multi-disciplinary faculty, students, and staff conduct research in all aspects of health, chronic disease, rehabilitation, and human movement from the cell to society. We are housed within state of the art research facilities, including the recently completed \$10 million Khan Annex and forthcoming Center for Wounded Veterans. Our department offers BS, MS, and PhD degrees in Kinesiology and Community Health, an MS degree in Rehabilitation, and a CEPH accredited MPH degree. KCH faculty maintain interdisciplinary collaborations within the college and across the campus with units such as, the Center for Health Aging and Disability, Center for Nutrition, Learning, and Memory, Beckman Institute for Advanced Science and Technology, Colleges of Liberal Arts and Sciences, Medicine and Law, School of Social Work and the Cancer Community at Illinois (<http://cancer.illinois.edu/>). The University is near Carle Foundation Hospital Cancer Center, and several other local hospitals which are engaged in community-based cancer research.

Position: The Department of Kinesiology and Community Health is searching for outstanding candidates with a background in cancer survivorship research. We seek individuals with diverse backgrounds in kinesiology, epidemiology, public health, rehabilitation, psychology, social sciences, and/or basic sciences. Candidates should have training and expertise in cancer survivorship areas such as quality of life, clinical survivorship care, psychological interventions and lifestyle behavior change. The successful candidate will be expected to develop and maintain an active research agenda and advance scholarship in their area of expertise and contribute to the instructional mission of the department. The position is a nine-month, tenure track appointment at the rank of Assistant Professor.

Available: The preferred start date is August 16, 2015.

Qualifications: Applicants must hold a doctoral degree in kinesiology, community health, public health, rehabilitation behavioral medicine, or a related field. Evidence of post-doctoral experience is desirable.

Salary: Salary is competitive based on a 9-month academic year appointment.

Closing Date: To assure full consideration, the following materials should be uploaded by October 30, 2015.

Application process: Application materials should be submitted online at <http://jobs.illinois.edu>. The following materials are requested: (1) a letter of application that includes a statement of research interests, teaching experience and summary of qualifications for the position; (2) a curriculum vitae; and 3) names and contact information for three references.
