Helping you achieve  
your potential

## McKinsey MD Fellowship

McKinsey & Company is excited to announce a two year fellowship opportunity for medical students to experience the business of medicine. Join us between your third and fourth years of medical school to develop as a future leader in health care through a world-class apprenticeship in solving business problems and leading in the business context.

### MD Fellows will have an unparalleled opportunity

- \* Gain real-world experience in the business of medicine
- \* Develop skills with direct and lasting relevance for a broad range of future opportunities
- \* Receive extensive senior mentorship and a full curriculum of professional development
- \* Build personal and professional networks by working with the recognized leader in health care management consulting

### Considerations

- Eligibility - we ask that you apply during the fall prior to the summer you wish to enter the fellowship. Fellowships must take place between 3rd and 4th years.
- Interviews – we have two primary application cycles, both for start dates in summer 2016. The interview process will be identical to the process for fulltime APD candidates. Invitations to these interviews will be sent approximately 2-3 weeks after the deadline

Fall Interview Cycle: July 20, 2015 application deadline with interviews taking place in August – October 2015

Winter Interview Cycle: December 7, 2015 application deadline with interviews taking place in January-February 2016

You can apply by visiting this page: [www.mckinsey.com/MDFellow](http://www.mckinsey.com/MDFellow)

- Interviews - Fellowship locations - select US offices. You will be able to indicate initial office preferences in your application and final selection is done prior to round 2.
- Salary and full benefits will be offered for the duration of the fellowship
